

NAVILITE EXIT & EMERGENCY

EXIT SIGN RETROFIT KITS

NXR Series

Project: _____

Fixture Type: _____

Location: _____

Contact/Phone: _____

PRODUCT DESCRIPTION

LED Retrofit Kits are perfect for installation where the existing exit sign is still serviceable but consumes far too much energy and requires significant maintenance due to its high wattage, short life lamps. Screw-in retrofit kits are as simple to install as changing a lamp – anyone can do it! – thus minimizing labor costs. Hard-wire retrofit kits are especially useful in 277V applications or where the local authority requires a more permanent conversion.

PRODUCT SPECIFICATIONS – NXRS SERIES – SCREW-IN KIT

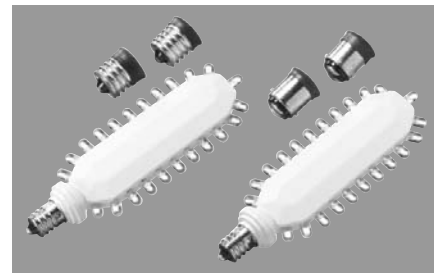

Construction Screw-in lamps designed to fit directly into candelabra base sockets • Includes socket adapters to fit intermediate base or bayonet base sockets • LED module height is 5 1/8" (add 1/4" when using adapters).

Electrical Use for 120V applications only • Consumes only 2.8W per kit.

Code Compliance ETL Listed.

Warranty 5-year warranty.

Product specifications subject to change without notice.

ORDERING INFORMATION

Catalog Number	Mounting Type	LED Color
NXRSR	Screw-In	Red LED
NXRSG	Screw-In	Green LED

PRODUCT SPECIFICATIONS – NXRH SERIES – HARD-WIRE KIT

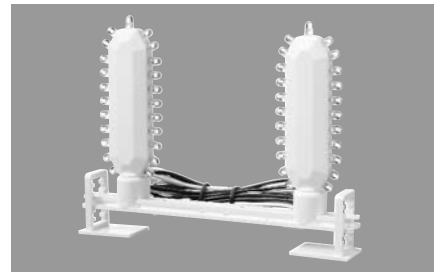

Construction Kit comes complete with mounting hardware • LED modules can be repositioned along mounting bracket to optimize sign uniformity • LED module height is 5 1/2".

Electrical Use for 120V or 277V applications • Consumes only 2.8W per kit.

Code Compliance ETL Listed.

Warranty 5-year warranty.

Product specifications subject to change without notice.

ORDERING INFORMATION

Catalog Number	Mounting Type	LED Color
NXRHR	Hard-Wire	Red LED
NXRHG	Hard-Wire	Green LED
