
Product Brief

Juno Lighting Group Expands Juno Step Light Portfolio with New Mini LED Step Lights

Des Plaines, Ill., May 17, 2011 — Juno Lighting Group®, a subsidiary of Schneider Electric, and a leader in innovative commercial and residential lighting solutions, today introduced ultra versatile, energy efficient Juno LED Mini Step Lights for indoor or outdoor wall mount applications. Designed for a range of residential, commercial, and theatrical applications, the Juno LED Mini Step Lights are modular and high performance. Environmentally friendly and energy efficient, Juno Mini LED Step Lights do not contain any lead, mercury or harmful ultraviolet or infrared wavelengths.

The IC-rated Mini LED Step Lights consume merely 2.6 watts and are available with four distinct optics that each provide a unique light distribution pattern. When used with Juno qualified 120V electronic low voltage dimmers, the LED Driver has a 100% to 20% or better dimming range and can accommodate an input voltage of 120 VAC at 60Hz.

Additionally, Juno offers an outdoor version of the Mini LED Step Lights that is UL and cUL listed for wet locations and achieves an IP65 rating. These outdoor step lights, finished with durable corrosion resistant paint, are gasketed to seal against the intrusion of water and other contaminants making them ideal for outdoor residential and commercial applications.

Additional features of the Juno Mini LED Step Lights include:

- Service life of more than 50,000 hours at 70 percent lumen maintenance
- Field interchangeable, vertical or horizontal mounting in any standard 2 x 4 J box
- Four optic choices including hood, cutoff, louver and opal marker
- Availability of 3000K and 4100K color temperatures
- Indoor step light offered in plated satin nickel or bronze and textured black or white finishes
- Outdoor step light offered in corrosion resistant textured bronze, silver, black, and white painted finishes.

The Juno Mini LED Step Lights are currently available through Juno Lighting Group channel partners. For more information visit www.junolightinggroup.com.
